?: Gt. Brit., Colonial Office G-3 (1949-50) 1951 M841 Aden /59/

Mechanical Workshop

655 496 A vehicle workshop is maintained where all Government motor vehicles are serviced and repaired. Animal drawn vehicles such as refuse carts, night soil carts, etc., are also made and repaired.

Furniture

655 322 The Government instituted a scheme to manufacture and repair furniture on hire to officials residing in Government houses. Two thousand two hundred and fifty pounds was spent during 1949 and 1950 on new furniture made in the workshop and obtained from contractors.

Building Plans

658 331 Building plans submitted by the general public for approval are checked and then forwarded to the Township Authority for sanction. All buildings in course of erection are inspected at regular intervals to ensure that they comply with regulations. Two hundred and seventy-six permanent building permits were issued during the two years.

Crown Lands

423 427 653 The Director of Public Works, who is also Commissioner and Registrar of Lands, scrutinises various titles submitted to him for transfers of immoveable property. All transfers are registered. One hundred and forty-five plots of land were leased to the public for the erection of residential, commercial and industrial buildings in the period under review.

Stores

658 As many new works and all maintenance works are carried out by direct labour, large stocks of building and other stores have to be kept. Stocks valued at £91,200 in 1949 and £78,000 in 1950 were issued from the Central Stores Depot.

464 *Labour*

Some difficulty was experienced in obtaining skilled artisans but plenty of labourers were available. The standard of tradesmen is not high, but it is hoped that the new Technical College will go a long way to raise the standard.

Chapter 11: Communications

ROADS

[496] 491 499 There are no railways in the Colony and the communication between the townships is by road.

The main roads are constructed in bituminous macadam, and the carriage-ways vary in width from 20 feet to about 40 feet. Some secondary roads are similarly constructed. There are about eight miles of streets in the bazaar areas which have not yet been made up.

T: Gt. Brit., Colonial Office G-3 (1949-50) 1951 M41 Aden

All roads are kept in reasonable repair, and as and when funds and materials permit, existing unmade roads are surfaced.

The Colony has :

Bituminous Macadam Roads	*Water bound Macadam Roads*	*Unmade Roads*	*Total*
56·07 miles	6·30 miles	11·9 miles	74·27 miles

The Development Committee has recommended that £200,000 of the surplus funds of the Colony be used for improving roads, and £37,500 of this sum was spent in making up new roads in 1949 and 1950.

The roads are well sign-posted and traffic lines provided where necessary. Road reflecting studs are also fitted on dangerous bends and some narrow roads. All street lighting is by electricity, and most main roads and the majority of the secondary roads are lighted.

The expenditure on roads during the years 1949 and 1950 was £74,000.

The following vehicles were registered at the Police Traffic Office :

	1949	1950
Taxis	196	196
Omnibuses	61	61
Private cars	1,419	1,115
Commercial vehicles ..	337	322
Motor cycles	76	74
Horse gharries	12	6
Camel carts :		
Water carts	30	36
Loading carts	58	64
Bicycles	132	126

POSTS AND TELEGRAPHS

There are four post offices in the Colony, two in the Eastern Protectorate and one at Kamaran. There are also 21 postal agencies in the Eastern Aden Protectorate. Money order business is transacted at the four post offices in the Colony, at one in the Protectorate and at Kamaran. Communication with all parts of the world is maintained mainly by the use of the British Overseas Airways Corporation services.

Cable & Wireless Ltd. provide cable and telegraphic communication with all parts of the world and operate a wireless telegraph station which works to Perim Island, Kamaran, Mukalla and Seiyun in the Eastern Aden Protectorate, and to adjacent countries, i.e. French and British Somaliland, Ethiopia, Yemen, etc.

The overseas radio-telephone service with the United Kingdom was formally opened on 17th July, 1950, by the Secretary of State and His Excellency Sir Reginald Champion. The service is also extended to Kenya, Uganda and Tanganyika and it is hoped that eventually it will be available to India.

The automatic telephone exchange continues to be congested and there can be no substantial improvement until a new exchange
